Bring your art materials and your dancing shoes to a celebration of creative spirit. At this four-hour evening event, we will dance and draw from the wellspring of the imagination and trip the light fantastic. Expect DJ dance music, live-painting by Alex Grey, Allyson Grey and others, a special spoken word performance of Art Psalms, a belly dance performance by Sarah Jezebel Wood and Phantomime, a special light installation by Brian James, visionary banners, group art making, and a CoSM Store. Don't miss this interactive social sculpture that will celebrate the spirit of the Sun Valley Wellness Festival.

Alex Grey is a world-renowned artist, poet, and author. His books, *The Mission of Art*, *Sacred Mirrors*, *Transfigurations* and *Art Psalms* trace the development of his work and the mystical experiences that have shaped his personal, spiritual, and artistic life. His artwork will soon again be on view at CoSM, Chapel of Sacred Mirrors, a 40-acre interfaith church 65 miles north of New York City that celebrates creativity as a spiritual path.

Allyson Grey is co-founder of the Chapel of Sacred Mirrors and an artist whose work is sold and exhibited widely. With a Master of Fine Arts degree from Tufts University, she has been an educator and muse to artists for over 30 years.

Grey's vision of a flawed but perfectible mankind stands as an antidote to the cynicism and spiritual malaise prevalent in much contemporary art.

O swiftly spinning 21st century Human! We've already missed out on Rumi, Blake, Swedenborg and Gibran, but we've been sent a comforter for our time

flowering from the same vine. His name is Alex Grey. Transfigurations is his Bible. — Rebecca Hoffberger, Founder and Director, American Visionary Art Museum

The Chapel of Sacred Mirrors will bring you face to face with your soul and move you to a new level of enlightenment. — Deepak Chopra

Alex Grey's artworks bring together the tangible outer worlds investigated by scientists — full of molecules, bodies and stars — and the intangible visionary inner worlds — full of light, shadow and spiritual beings known mainly to mystics. — Albert Hoffman, Chemist, Nobel Prize Committee

The CHAPEL OF SACRED MIRRORS, CoSM, is a sanctuary for seeing ourselves, the world, and our cosmos as reflections of the Divine. CoSM's mission is to build a temple to preserve and share a collection of visionary art beloved by a global community. Forty acres of beautiful woods and newly renovated buildings invite the contemplation of art and nature, and provide a center for events encouraging the creative spirit. CoSM honors the mystic core of love uniting all wisdom traditions and the transformative power of art to awaken human potential.

With your financial support, a partial exhibition of the collection will open fall of 2011 and the CHAPEL OF SACRED MIRRORS, now in the design and planning phase, is intended to open by 2015.

Over the coming years, CoSM plans to develop a Temple complex with sculptural stations weaving a mythic narrative of humanity's new relationship with Nature and Cosmos.
CREATIVITY IS OUR SPIRITUAL PRACTICE. PLEASE, CO-CREATE WITH US.
